DETAILED ACTION

Response to Amendment

1. This action is in response to the amendment mailed December 12, 2003. Claims 1-15, 17-18 and 20 were amended and claims 16 and 19 were canceled rendering claims 1-15, 17-18 and 20 pending.

Claim Rejections – 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-15, 17-18 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In instant claims 1-15, 17-18 and 20, the phrase, "a paper decorative wrapping film" is indefinite. It is unclear whether Applicant is claiming a paper or a film.

Clarification is requested.

Claim Rejections – 35 USC § 103(a)

4. Claims 1-15, 17-18 and 20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kotin (U.S. 5,996,672) in view of Salgado et al. (U.S. 6,361,839).

5. Kotin discloses a decorative film having an embossed paper substrate that is easy to print (column 6, lines 44-50) with an adhesive applied to the back of the film (column 6, lines 34-36). Kotin also discloses the decorative film is laminated (column 3, lines 26-28 and column 6, lines 1-2). The reference discloses a substrate is wrapped with a printed film (column 4, lines 34-36) where the film is flexible and can be a foil wrap (column 2, lines 59-67). In instant claims 3-4 and 13-14, the phrase "to be decorated" constitutes a 'capable of' limitation and that such a recitation that an element is 'capable of' performing a function is not a positive limitation but only requires the ability to so perform. Although Kotin does not specifically teach rolling the wrapping film, wrapping an article or substrate constitutes rolling the decorative film around an article. Kotin does not disclose the decorative wrapping film comprising a hot transfer inked foil, which is removable, translucent or opaque.

Salgado teaches a hot stamping foil comprising a carrier (column 1, line 67 through column 2, line 1) where the carrier of the hot stamping foil is removable (column 2, lines 18-22) where the hot stamping foil may be applied to wood or paper (column 2, lines 23-27). Salgado further teaches the foil material may be colorless or a variety of colors depending on temperature (column 3, lines 8-15). It would have been obvious to one of ordinary skill in the art to include a colorless (translucent) or colored (opaque) hot stamping foil on the laminated decorative film of Kotin because Salgado teaches the conventionality of applying a hot stamping foil to a substrates such as wood or paper, which Kotin comprises, which improves the transfer of ink images onto a substrate (column 1, lines 13-14).

Response to Arguments

6. Applicant's arguments of rejection under 35 USC 103(a) as unpatentable over Suess et al. (U.S. 5,985,078) in view of Abrams (U.S. 5,908,527) are moot based on grounds of new rejection. Applicant's arguments of rejection under 35 USC 103(a) as unpatentable over Abrams (U.S. 5,653,844) in view of Nelson (U.S. 4,724,026) are moot based on grounds of new rejection. Applicant's arguments of rejection under 35 USC 103(a) as unpatentable over Weder (U.S. 6,324,813) in view of Nelson (U.S. 4,724,026) are moot based on grounds of new rejection.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
